<ul style="list-style-type: none">• Company name and logo on inside cover of preliminary and final programs• Corporate profile information in preliminary and final programs• One complimentary registration• Recognition during the opening session• Recognition as sponsor at a continental breakfast or lunch	<ul style="list-style-type: none">• Company name and logo on inside cover of preliminary and final programs• Corporate profile information in preliminary and final programs• Recognition during the opening session• Recognition as sponsor at a conference coffee break or technical session

Note: Other sponsorship opportunities for this conference are also available.

About the Conference

This international symposium will provide a technical forum for environmental professionals to discuss proposed revisions to the U.S. Environmental Protection Agency's Guideline on Air Quality Models, the guideline that is required for use in the preparation of state implementation plans, federal construction permits, and state permits.
