Contact Jeff Schurman at jschurman@awma.org, or 412-904-6003 to discuss your opportunities.

About the Conference

The research around per- and polyfluoroalkyl substances (PFAS) continues to inch forward through the talents of all sectors working together to find answers and develop solutions. A&WMA continues this premier conference to bring together scientists, researchers, academics, practitioners, regulators, and the regulated community to further the conversation on the current state of PFAS science and solutions for the future. **Find more conference details online at www.awma.org/pfas.**
